## BIOGRAPHY

I am a detail-oriented and meticulous individual who seeks perfection. I am well equipped with the ability to multitask and design skills acquired academically and professionally.

I am motivated and driven to succeed in my career. I am able to adapt to environments and be socially outgoing which allows me to get along with my colleagues and superiors to rely on.

I consider myself as a hard worker, while also working smartly and am keen to learn. A resourceful and responsible individual that my colleagues and superiors can rely on.

I possess a vast amount of skills and interest in the design industry and aspire to be a web developer in the future. I hope to place and utilize my skills and knowledge to good use.
